The 2014 presidential and legislative elections in Guinea-Bissau were seen as a major platform for the restoration of constitutional order and the advancement of social and economic stability in the country following the 2012 military
coup
that led
to
almost
two
years
of
transitional rule.
However,
barely
two
years
after.

However, barely two years after, the coup that led to almost two years of transitional rule. However, barely two years after.
